LESSON FOR MARCH 30

REVIEW.

GOD'S HAND IN A NATION'S LIFE

SELECTION FOR READING—John 8:1-32.

GOLDEN TEXT—Righteousness exalteth a nation; but sin is a reproach to any people.—Proverbs 14:34.

PRIMARY TOPIC—How God led his people. (Psalms 77:20).

JUNIOR TOPIC—Recognizing God's leading.

INTERMEDIATE TOPIC—Evidences of God's guidance.

Since Israel was a theocratic nation, perhaps the best method of review will be to trace God's hand in that nation's life. Israel was led, fed, clothed and disciplined by God.

Lesson I. God's hand is clearly discernible in the experiences of Israel in Egypt. Israel was to be the religious teacher of the world, therefore the nation must sojourn in Egypt, the most advanced in learning of any nation at that time, in order that Moses the great lawgiver might be equipped with the best possible education. God used Pharaoh to oppress the people. This oppression served a threefold purpose. (1) It served the testimony to the Egyptian nation that the living God was the God of Israel. The more they oppressed them, the more they multiplied. (2) It served a beneficent purpose in bringing the nation into full own. It required the crucible of suffering to bring humanity into its own. (3) It made the nation willing to leave Egypt and go to Canaan, the promised land. Had not the hand of oppression been upon them they would have chosen to remain in Goshen.

Lesson II. When Israel was ready to go to Canaan God had a leader ready for the difficult task. His parentage, education at his mother's knee and at Pharaoh's court, and communication with God in the desert of Midian had equipped him for this work.

Lesson III. Though enslaved by a powerful nation, God undertook freedom for Israel, and by ten telling strokes—the plagues—he tore the shackles from their hands and set them free. The Passover is a memorial of that blessed deliverance.

Lesson IV. God opened the Red sea and made a path of safety for Israel to cross, but overwhelmed Pharaoh and his host in the sea.

Lesson V. Israel bitterly complained when they faced the wilderness without food. God sent them manna and quails. The manna did not fail them until they came into Canaan.

Lesson VI. God sent Joshua to give needed counsel to Moses. The strength of Moses was about to break. God took one outside of the common wealth of Israel and through him communicated the wisdom which Moses needed to save him from collapse through overwork.

Lesson VII. At Sinai Israel is organized into a nation, and the ten commandments are given as their constitution. In this constitution is clearly set forth man's duty to God and his obligation to his fellow men.

Lesson VIII. God's hand is seen in his burning anger against the nation for turning away from him to worship the golden calf. He is a jealous God; he will not tolerate a rival.

Lesson IX. Through unbelief the spies are sent to search out Canaan. When they were urged to take possession of the land according to God's promise they rebelled. Because of this failure God caused them to wander in the wilderness for 38 years.

Lesson X. When God's disciplinary measures had run it course the people were back again upon the borders of the promised land, with cheers for God to lead the people, as Moses' time to depart had come.

Lesson XI. In the cities of refuge God provided that revenge should not fall in place of justice.

Lesson XII. Before Joshua's death God through him set forth the conditions upon which the nation's welfare could be maintained, namely, whole hearted obedience to God and separation from their wicked neighbors.

A Prayer.

Our Father, we bless Thee that thou hast not waited to be sought, but knowing our need, hast benefitted us, in thy great mercy, to make our requests known unto thee, as well as our adoration and joy in thee, so we pray Thee for the things that are requisite and necessary. Thou knowest what things we have need of before we ask thee, but thou hast bidden us ask that we may be fit to receive their supply. Through Jesus Christ, our Lord. Amen.

Sphere of His Holiness.

If this sphere of his mercy and wrath, tenderness and severity, is so beautiful, what shall be the splendor of its sphere of his holiness? What the glory of the presence chamber, judged by the excellence of this distant boundary lodge?

Going to Church.

We cannot take advantage of the church without going to church, any more than we could take advantage of a week-day school without going to classes each day.

If you miss the TIMES-VIRGINIAN the local news of your county is also missed. Send it to your distant relatives.

Letters From France

the sick and wounded and S. O. S. boys.

From Pvt. Travis Wooldridge.

Co. I 132d Inf., APO 760

Dear Mother:

Will drop you a few lines tonight to let you know I am well. Hope this will find you the same.

I am drilling every day and having a good time. We are having an inspection of my company at present; I hope it is to get road to go home. We are to move in a short time; don't know just where to, but hope we move homeward.

The snow here is all gone; it begins to look now like spring. We are trying to organize a ball team in our company. We have a game once in a while; it serves to pass away the time.

We have the leading division in France—it takes the cake on everything, from fighting down to wrestling and boxing.

Well, mother, I didn't get the kaiser, but I've got his picture in full uniform on a piece of money which I am going to try and bring back.

I have been in Europe just six months, today, but hope I won't be here six months long er.

I have never heard from Wesley. Hope he will be home soon.

Mother, tell some of my girls to write me once in a while. Maybe they are toad; if they are, I will bring back a fat Dutch girl!

I have eaten some pretty dear meals with those Luxemburg people—it only cost $3 per, and they had nothing extra. And when we are a long way from the Y. M. C. A. we have to buy our own writing paper; it costs 25 cents for five envelopes and five sheets of paper.

Best love to all the family.

Private Alton O. Townsend, Co. I, 107th Inf., 27th Div., now at Camp Merritt, N. J., to his brother, Harry A Townsend.

Dear Brother:

I have at last got back to the U. S. A. It hardly seems true. We sailed from Brest, France, 28th Feb. and landed in New York March 9

Well, I have crossed the Atlantic twice and was not sea-sick. We sailed on a Dutch vessel with a Dutch crew. Had lots of bad weather coming over. The waves came over the sides of the ship at times. Saw several whales off the coast of Newfoundland and one near New York.

The weather is nice here today but it rained hard yesterday and we were out in the most of it.

We didn't get to bed last night until 2 o'clock; we had to have our clothes steamed to kill the cooties You know what they are? I do, anyway.

I haven't seen any winter this year; but oh! the rain in France. The sun never shines there.

I was in France just 6 months. Don't know just when I will get home; perhaps not until April; and you will be putting in the crops by that time.

I weighed today and slipped the scales at 185 lbs. I th k

Much in Little

Nothing is more edifying to some people than to see a bow legged man chasing his hat in a windstorm.

Any man who does you an ill turn will never forgive you for it.

Many a man works overtime trying to convince himself that he is honest.

Intuition is what some people claim to have when they succeed in making a good guess.

Don't take the bull by the horns; take him by the tail. Then you can let go without getting some one to help.

The desire of some men to dabble around in a big place rather than fill a small one accounts for many of life's failures.

Seemed Like Wasted Time.

Markets for a short time during the war were not doing any delivering. Merry, age five, one night at bedtime was saying the Lord's prayer. Coming to the part "Deliver us from evil," she exclaimed: "Mother what is the use of praying for that, they won't deliver a thing in this town."

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadowville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak.

I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few doses of Black-Draught."

Seventy years of successful use has made Thedford's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleaning the system and relieving the troubles that come from constipation, indigestion, lazy liver etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose. All druggists. J. 59

Letters from France

Pvt. Frank L. Coleman, Infirmary Casual Officers' Camp, APO 738, Anglers, France, to his cousin, Miss Jessie Coleman.

My dearest Jessie:

Received your long and appreciated letter yesterday and certainly did enjoy reading such a long and interesting letter, and am certainly glad you people have been getting all my letters.

I know I have lots of letters over here somewhere, altho I have got a good many letters from you and mother, and you bet I am always glad to hear from anyone over there, for a letter from home makes a soldier feel like he is back in the States.

I was over here three months before I heard from home, and you can imagine how blue I felt. But I wrote home three times each week, for I knew there was more prospect of you all getting my letters than there was for me to get yours. Lately I have got a few letters which had been re-addressed from Medical Unit 43, but I suppose the others have been lost. I am thankful for those I have got.

Well, you have a new little brother now; I am glad it was a boy. Guess he will be another Josi or Est. I will write Claude and tell him about his name-sake. I wrote him about a week ago and hope to hear from him soon. Guess he is getting on fine, as most of the boys seem to be.

There are a lot of boys getting furloughs and going to Paris. The government gives the boys seven days furlough and sixty cents a day for expenses, and they pay the balance; you have to be over here four months before you can get a furlough. I am expecting to get one soon and go to Paris and to the Verdun Front. But I won't give up my chance of soon getting home to go, for the furlough that I want is to go home.

I will write to Richard Payne and I hope we can get together again before we start back to the States. I hope to be back by summer anyway, and you bet I am going to have some kind of vacation We will go down to Norfolk and have a big time.

I was not surprised at all to hear of Inice and Lou being married Tell them I wish each of them a pleasant future.

I am glad Uncle Witt is getting on so well in Lynchburg; give him and Aunt Snack my love

I was certainly surprised to hear of Annie Pore's death I think the flu is awful; hope it isn't so bad now. Extend my deepest sympathy to cousin Richard and all the family. You said that Miss Hattie had written to me; I never got the letter. But tell her I appreciate it all the same.

Say, Jessie, I got a Times Virginian the other day, which was dated Jan 29 I certainly did enjoy reading it, as there was so much news from home. I saw a letter I had written home in it; also saw that John Goss was in Germany and getting on fine; am glad he is getting on so well; hope he can be back home soon I would write him if I knew his address. I bet he will have lots of interesting things to tell when he gets back.

I am glad Edward has got well; give him and Pat my best regards, tell him he didn't stay in the army long enough to know how a soldier feels.

I wish he were over here with me. You bet I'd sing that little song, "I wonder what they are doing tonight, your girl and mine."

I am sorry to hear of so much sickness over there; hope Wiley Young is well by now. Give my love to Mrs Young and all the family.

I would like to hear from all the girls around there. Give them my address and tell them to write to me You can't imagine how I appreciate a letter from those I know.

Tell Willie to write, and you write every chance you get, because you certainly write interesting letters.

I must close. Give my love to all the family.

Pvt Walter D. Abbitt, Co A, 340th M. G. Bn., now in Germany, to home folks.

Dear Father and Mother:

I will write a few lines to let you hear from me. This leaves me well and truly hope when these few lines reach you they will find you the same.

You ask me when I thought I could come home; don't know just when but hope it won't be long. I can hardly realize that I am over four thousand miles from home But it won't take us long to get home after we get started.

We are in Germany now; we came through Belgium and Luxemburg.

Ma, the last letter I got from you was written the 8th of November; didn't get it until the 15 h of January.

The Xmas box you sent me certainly was nice; it made me think of home sure enough. We get plenty to eat, but it is not cooked like you cook things.

Mama, I am aware of the fact that I haven't been writing to you as often as I should; but consider this a promise that I am going to write you every week from now on, as long as I am in Uncle Sam's service.

Will be so glad when I can come home. I will wash you a few of some of my experiences over here; I know you will get tired of hearing me talk.

The people over here are a different in their customs and dress One thing's got to attention—by work mules, cows and dogs to wagons, and think the cows do.

Don't you be uneasy about me, because I am using taker care of. Of course it isn't like home, though the officers are good to us. One thing sure good with me, and that is getting up so early; you know what a time you used to have getting me up.

Give my love to all of my people. There are too many to name but too many to write to, but tell them to write to me. I is about all I can do to write home.

WHY ONE MORE LOAN IS NEEDED

It Will Settle Nation's War Debts and Will Care for Sick and Wounded.

Once in a while some one asks: "What's the need of another Liberty Loan now that the war is over?"

Revenue from taxes will not be sufficient to pay all the bills, so the people will be called upon to provide the money by subscribing to government bonds. This money is going to pay off the army of producers at home—the farmers, merchants, manufacturers and others.

America had just begun to fight when the Hun decided it was time to quit. Allied leaders expected the war to last another year and the United States government was turning out ships, arms, ammunition and food to overwhelm Germany in one big drive.

Treasury officials have revealed that in 1919 America would have had a tank at the front for every seventy five feet of line. We would have had ton tons of mustard gas ready for shipment for every ton Germany could produce. Thousands of batteries of guns would have been in action for every one America had in 1918 Everything else was being produced in proportion.

This gigantic preparation brought an early end to the war and saved thousands of lives. Victory Liberty Bonds will pay for this work which had been contracted for and was being delivered when the armistice was signed.

There are other purposes for which money is need. Part of our army of 2,000,000 men must be kept in Europe until the peace treaty is signed These soldiers must be fed, clothed and otherwise maintained. Then they must be brought home.

The sick and wounded must be cared for in hospitals The army must be demobilized. There are thousands of maimed soldiers, heroes of the great war, who must be taught self supporting trades and given an opportunity to earn their living.

This reconstruction work at home must be carried on. The job must be finished. The American people who furnished the money to win the war must supply it also to bring the nation back to a peace basis.

HOLD ON TO WAR SAVINGS STAMPS

Secretary of Treasury Urges Citizens to Keep Government Securities Until They Shall Have Matured.

Carter Glass, Secretary of the United States Treasury, has issued a warning to patriotic American citizens against unscrupulous persons who advertise that they are willing to purchase War Savings Stamps. Mr. Glass does not wish to have the government securities sold at sums below their actual value.

He points out that people who are actually in need of money may take their War Savings Stamps to any office and receive cash. Mr. Glass urges holders to keep their stamps until maturity.

He states that War Savings Stamps belong only to the individual who first purchased them and that people who offer to buy stamps at low premium are violating the letter of the law in so doing. Men and women selling stamps are not only losing money which rightfully belongs to them, but are aiding unscrupulous agents to reap profits.

BE PREPARED.

"If you think you are a man, you are; if you think you are not, you don't; if you like to win, but you think you can't;
It's almost certain you won't."
